Postdoctoral Fellow

Ecology of Invasive Fishes in Rivers

The Center for Fisheries, Aquaculture, and Aquatic Sciences is seeking a post-doctoral fellow to conduct research on the ecology of invasive fishes, mainly Asian carp, in large rivers. Familiarity with techniques such as echosounding, food-web modeling, biostatistics, and quantifying fluvial dynamics is desirable. The successful candidate will be the member of a diverse, multidisciplinary team of researchers and must have strong leadership skills. A PhD in ecology or related field is required. Position is for 2 years, with the opportunity for extension. Start-date: September 1, 2013. Salary commensurate with experience. Queries and applications should be sent by e-mail to Dr. Jim Garvey, Southern Illinois University, Carbondale, IL 62901 at jgarvey@siu.edu. Applications must include a detailed cover letter, CV, PhD transcripts (unofficial ok), and the names and contacts of at least three references. http://fisheries.siu.edu. SIU Carbondale is an affirmative action/equal opportunity employer that strives to enhance its ability to develop a diverse faculty and staff and to increase its potential to serve a diverse student population. All applications are welcomed and encouraged and will receive consideration.
